

# ISOVER Calibel Board

Calibel is an insulation board made up of a thick base of glass mineral wool assuring excellent thermal, acoustic and mechanical insulation, finished with a plasterboard lining.

## Product Features

- Thermal Conductivity 0.035 W/mK for the insulation.
- Excellent Acoustic Performance.
- Excellent Fire Safety.
- Vapour permeable breathable insulation.
- Improves energy performance and reduces heating & cooling costs.
- Easy to install.
- Made from recycled glass. Minimal manufacturing and on-site wastage. Low carbon footprint at manufacture and during transport.

Product	Order Code	Thickness (mm)	Width (mm)	Length (mm)	Pack area (m <sup>2</sup> )	Pack per pallet
ISOVER Calibel	5200426091	42.5	2.5	1.2	3	27
ISOVER Calibel	5200425752	62.5	2.5	1.2	3	18

## Where to use

Walls - Internally insulated

Walls - Separating
